

As a leading global manufacturer of electronic instruments and electromechanical devices, AMETEK has a longstanding commitment to responsible corporate conduct. We strive to ensure the health and safety of our fellow colleagues, benefit the communities in which they live and work, and protect the environment.

Our policy is to pursue the optimum in environmental quality, health, and safety in every aspect of our enterprise – from the way we design, manufacture and deliver our products to the way our customers use them. In that spirit, AMETEK's mission is to:

- Meet or surpass the requirements of environmental, health and safety laws and regulations.
- Educate, empower and expect all of our colleagues to behave in ways that protect the environment and that make health and safety a priority.
- Strive continuously to improve the efficiency of our operations so as to minimize both the use of materials and the generation of waste.
- Operate our facilities in a responsible and co-operative fashion in the communities where they reside.
- Improve continuously our environmental, health and safety systems.
